Customer Reviews

This book is not only the best one about Feng Shui for sure, but probably, one of the best books I have ever read. Very entertaining, interesting, easy to follow and the Author made it so clear and easy to understand that from the very first pages you find yourself falling in love with it. I didn't know anything about Feng Shui before I got this book and I bought it as a gift for my Mom who is a true believer of the existence of energy in everything around us, after she read it, she called me and said to me "...you have to read this book if you want to change your life..." and this I say to you, this book will change your life for good, no doubts about it.

Tengo el libro en paperback y baje el sample para kindle. Lamentablemente no sacaron los guiones y las palabras estÃn cortadas innecesariamente. Tampoco se corrigieron los errores de ortografÃa. Lastima, es un buen libro pero en papel. En Kindle parece una copia ilegal x su mala

calidad

Leer el libro de Terah Kathryn Collins me abrió los ojos sobre la forma en la que podía mejorar mi vida mediante el cuidado de mi entorno. Es un libro básico para los principiantes. Te lleva de la mano por cada una de los temas dando ejemplos muy didácticos. Me encantó. Desde que aplico el Feng Shui en mi casa, he notado que las cosas van mejorando. Léelo!
