The Iraq Wars And America's Military Revolution

Synopsis

Many saw the United States' decisive victory in Desert Storm (1991) as not only vindication of American defense policy since Vietnam but also confirmation of a revolution in military affairs (RMA). Just as information-age technologies were revolutionizing civilian life, the Gulf War appeared to reflect similarly profound changes in warfare. A debate has raged ever since about a contemporary RMA and its implications for American defense policy. Addressing these issues, *The Iraq Wars and America's Military Revolution* is a comprehensive study of the Iraq Wars in the context of the RMA debate. Focusing on the creation of a reconnaissance-strike complex and conceptions of parallel or nonlinear warfare, Keith L. Shimko finds a persuasive case for a contemporary RMA while recognizing its limitations as well as promise. The RMA's implications for American defense policy are more ambiguous because the military lessons of the Iraq Wars need be placed in the context of judgments about national interests and predictions of future strategic environments.

Book Information

Hardcover: 262 pages

Publisher: Cambridge University Press (April 26, 2010)

Language: English

ISBN-10: 052111151X

ISBN-13: 978-0521111515

Product Dimensions: 6 x 0.9 x 9 inches

Shipping Weight: 1.1 pounds (View shipping rates and policies)
