Customer Reviews

This book has beautiful and inspiring pictures, perfect for any occasion. However, the measurements are severely wrong for the templates. For example, the woodland house doesn't give you measurements for the door and the shutters are tiny. SO, I made new measurements in case anyone needs them. Door: height = 6.95cm width = 3.5cm Shutter: height = 4cm width = 2.1cm Window: Must be 4.3cm length Front & Back of house: Total height = 25cm Total width = 19.2cm Enjoy!

I enter my local contest almost every year. This book will help me with new ideas and give me new patterns for many years.
