The first commercially successful show for Stephen Sondheim, "A Funny Thing Happened On The Way To The Forum" is a delightful score that exhibited creativity and imagination and offered everyone a look at the marvelous work that was to come.

When I bought this item I assumed it had the chords written with the piano/vocal score as many others do. My son plays the piano but he reads the chords when he plays. So, I ended up returning it. So, if you don't need the chords I suppose it will be fine for you!

Just what I needed for auditions

I thought the music was very wonderful and original and the way the music was displayed was very good indeed. The score not only is great in itself, it was also a great accompaniment to the libretto book which you can also get on .com. for any lovers of this play or anyone who likes broadway at all, I would definitely recommend this book.

This book was very enjoyable. I would recommend it to anyone looking for a light hearted book to read that is not too difficult. This book makes you think of what could happen in your everyday life. I think everyone should read this book.
