Customer Reviews

My husband had been looking for music from "West Side Story" and this was a perfect pick. The music takes work but he is enjoying it.

Hoped for a sing along book for friends and family. No words though and the arrangements are really beginning/intermediate. The tunes are so well known that just playing the melody has some value, but the arrangements are just cheesy, moving melodies and and down an octave for instance. I bought the wrong West Side story book.

I should have returned it, It has not words on the music. The arraignment is fine but it is much less fun to play without the words printed,
